**Testimony Regarding**

**SB 196 AAC Group-Wide Supervision for Internationally Active Insurance Groups**

The Connecticut Association of Health Plans would respectfully like to note for the record that there are some technical issues and concerns with SB 196 AAC Group-Wide Supervision for Internationally Active Insurance Groups and we hope we can continue to work with the Department and the legislature as the bill moves forward to address these issues. At the moment, we are still in the process of reviewing the proposal and need to vet our comments with our members, but would very much appreciate the opportunity, once that process is complete, to work with any and all parties to achieve consensus.

Many thanks for your consideration.
